**MOODLE– HOW TO USE COURSE FISHER**

COURSE FISHER button allows you to collect and organize e-learning resources for the academic activity you have been assigned to for the ongoing academic year.

STEP 1. Click on ADD MOODLE COURSE.

STEP 2: You will see the list of your possible courses: click on ADD COURSE in correspondance of your academic activity.

STEP 3: EXECUTE button create immediately the course and you will be the teacher and the editor of that course. You can choose what you would do after course creation:

- View course: display an empty page, that you can edit according to your needs
- Edit course settings: display the page of the course ready for your changes
- Import data from another course: copy all data (materials, quiz, files…) from another course created before
