For those of us born after the end of World War II, an outbreak of further major conflict within Europe seemed inconceivable only a few weeks ago and yet we watch with abject horror and disbelief the unfolding events in Ukraine.

We are all shocked, saddened, extremely concerned and scared by the current events and, like tens of thousands of people around the world, we all have an deep-seated desire to help the Ukrainian people in the best way that we can.

However, knowing what to do for the best is not always clear, so we have decided to use our professional skills to provide CPD for any colleague across Europe, which we hope will in turn encourage colleagues to donate to the **BRITISH RED CROSS**.

The **RED CROSS** are supporting the Ukrainian Red Cross with funds, goods in kind and technical support as well as sending funds to the International Committee of the Red Cross who are on the ground with teams to provide direct relief, help, medical care and evacuation skills, so we really will be able to help, even if in a small way.

Our thoughts and hopes are with the Ukrainian people, we wish to do all we can to support them and we hope that you will join us in solidarity in their fight against tyranny and help to bring some assistance and comfort to our fellow humans at their time of greatest need; thank you
